

SAVMA AT CSU

What is SAVMA?

CSU SAVMA is part of the larger Student Association of the AVMA (SAVMA), connecting veterinary students nationwide. We fund special interest clubs, bring in speakers, offer learning opportunities, host fun social events, and get involved in community service.

Each chapter, like CSU SAVMA, gets an official charter from the AVMA. This kickstarts students into the world of organized veterinary medicine. SAVMA, on the national level, unites all chapters and represents us in the AVMA House of Delegates.
