

Colorado State University
EQUINE REPRODUCTION LABORATORY

December 1, 2022

Dear Client,

Enclosed is the 2023 Embryo Transfer contract. Please review, complete, and sign the contract and return along with your \$750 Embryo Transfer Enrollment Fee. The last page of the contract is a list of fees for service.

The completed & signed contract and Embryo Transfer Enrollment Fee are required to book a recipient mare at the Equine Reproduction Laboratory for 2023. There is a limited number of contracts available and they will be booked on “first come, first serve”, meaning that the payment and contract must both be received. For your convenience, we accept all major credit cards as well as check payment. Please use the following secure credit card link to make your payment online.

Secure payment link:

<https://secure.payconex.net/paymentpage/enhanced/index.php?action=view&aid=120615430421&id=134561>

Important changes for 2023: If you are considering using an owner provided recipient mare, please note that due to stalling limitations during the height of the season, any owner recipient mares managed at the ERL from March 15 – June 30 will be housed in group, paddock housing along side other owner provided recipient mares. We will limit the number of owner recipient mares to 2 recipient mares per one donor mare.

Our entire team looks forward to working with you and your mare(s) for the 2023 season.

Sincerely,
Your Equine Reproduction Lab Team
970-491-8626

Embryo Transfer Checklist:

- Completed & signed contract
- Embryo Transfer Enrollment Fee (\$750) per Donor Mare/Owner/Lessee/Embryo combination

If using an owner provided recip, also return:

- Completed & signed General Mare Services Contract for recip mare

Important Dates:

- Feb 1 – Embryo Transfer season opens
- June 15 – Foaling Service Concludes
- July 1 – Embryo Transfer Season Concludes
- Aug 1 – All other elective breeding services conclude

EXPLANATION OF SERVICES
<p>EMBRYO TRANSFER services will be available February 1 – July 1. \$750.00 Annual Embryo Transfer Enrollment Fee due with the signing of this contract for use of CSU ERL/RME leased recipient mares. This non-refundable, non-transferable fee enrolls the abovenamed Donor Mare for the breeding season of February 1 through July 1. One (1) Annual Enrollment Fee is required for each Donor Mare/Owner/Lessee/Embryo combination for said breeding season. There is a limit of three (3) CSU ERL/RME leased recipient mares per Client for the dates above.</p> <ol style="list-style-type: none"> 1. In-house management of donor mare includes transrectal palpation, ultrasonography, insemination, administration of one medication to induce ovulation, prostaglandin administration to short cycle, embryo collection (flush). 2. Shipment of Embryo(s) to CSU/ERL ensures availability of 1 recipient mare to receive shipped embryo (includes transfer) <u>only</u> if notified on date of donor mare ovulation. 3. Outpatient Embryo Collection includes embryo collection (flush), and prostaglandin administration. 4. Transfer of Embryo into CSU managed recipient mare or owner recipient mare. 5. Pregnancy & Lease Fee is applied to each pregnant CSU leased recipient mare at 35 days of gestation or owner recipient mare at 25 days. 6. Recipient(s) will be transferred to Donor Mare Owner's account at 16 days gestation. Board and daily progesterone therapy (if needed) will be assessed from that day forth. 7. Recipients are leased by Donor Mare Owner through CSU/ERL from Rocky Mountain Equine, LLC (RME).

TERMS AND CONDITIONS

This agreement ("Contract") is entered into this _____ day of _____, 2023, by and between the Board of Governors of the Colorado State University System, acting by and through Colorado State University, for the use and benefit of the College of Veterinary Medicine and Biomedical Sciences, Equine Reproduction Laboratory (hereafter referred to as CSU/ERL), and the Donor Mare Owner identified on page 1 above. CSU/ERL agrees to attempt embryo recovery from Donor Mare identified on page 1 and/or transfer embryos considered suitable into the reproductive tract of a synchronized recipient mare.

1. The person signing this Contract represents and warrants that he/she is the **true and lawful owner** of the Donor Mare, or if not the owner, then has actual authority to act as Owner's agent for purposes of entering into this Contract, and to make any and all decisions regarding the animal and its veterinary care. The Donor Mare Owner represents that they are the lawful owner of any frozen semen used in procedures, and if not, the Donor Mare Owner will provide CSU/ERL with contact information for the lawful owner. The signatory shall be fully responsible for all charges incurred under this Contract and shall indemnify, defend and hold harmless CSU/ERL from any and all claims, of every kind and nature, arising as a result of or in connection with this Contract (including any claim that such person lacked the right or authority to execute this Contract on behalf of the true owner). All references in this Contract to the Donor Mare Owner shall be deemed binding upon the person signing this Contract and the owner of the Donor Mare (hereinafter, individually and collectively referred to as the Donor Mare Owner).
2. Donor Mare Owner agrees that during the period CSU/ERL is in possession of the Donor Mare and/or foal, good equine practice may suggest and/or require the Donor Mare and/or foal be vaccinated, dewormed, and feet trimmed or shod. Therefore, during the term of this Contract, the Donor Mare Owner hereby grants to CSU/ERL the right and authority, based upon its independent judgment, to administer **routine preventative medicine** and to have the Donor Mare and/or foal trimmed or shod at any time by a farrier selected by CSU/ERL. The Donor Mare Owner will be billed directly by farrier for all farrier services.
3. The Donor Mare Owner hereby releases and shall **indemnify and hold CSU/ERL harmless** from any claim, demand or loss arising from any disease, injury or death to the Donor Mare and/or foal and/or pregnant recipient mare and/or *in utero* foal arising out of any undertaking by CSU/ERL under the terms of this Contract. Further, the Donor Mare Owner shall exonerate, protect, indemnify, defend, and hold harmless CSU/ERL, and Rocky Mountain Equine, LLC (hereafter referred to as RME), Lessor of the recipient mare(s), from and against any and all liabilities, expenses, claims, fines, penalties, costs, attorney's fees, and damages of every kind (including, without limitation, those arising out of or attributed, directly or indirectly, to or resulting from any and all negligent acts or omissions of the Donor Mare Owner), or of any person while the recipient mare(s) are under the Donor Mare Owner's possession or control, whether caused by the sole negligent acts or omissions of Donor Mare Owner or by the concurrent negligent acts or omissions of Donor Mare Owner, arising out of or attributed, directly or indirectly, to the use, possession, transportation (except for transportation, delivery and pick up by CSU/ERL or RME), condition, or storage of the mares, irrespective of the legal theory upon which any such claim or suit may be based. This indemnification shall extend to the successors and assigns of CSU/ERL and RME. **WARNING:** Under Colorado Law, an equine professional is not liable for an injury to or the death of a participant in equine activities resulting from the inherent risks of equine activities, pursuant to section 13-21-119, Colorado Revised Statutes.
 - a. Donor Mare Owner hereby releases and shall indemnify and hold CSU/ERL harmless from any claim, demand or loss arising from transport or transport regulations. Donor Mare Owner is responsible for knowledge and adherence to guidelines for intrastate, interstate, and/or international movement or export of mare/pregnant recipient/foal/stallion/embryo/oocyte/semen. CSU/ERL or RME does not screen recipients for previous disease exposure or vaccinations (e.g., antibody titers). Donor Mare Owner shall exonerate, protect, indemnify, defend, and hold harmless CSU/ERL and RME from any and all liabilities, expenses, claims, fines, penalties, costs, attorney fees, and damages of every kind associated with vaccinations and recent or previous exposure to disease and their impact on transportation.
4. The Donor Mare Owner agrees to pay any and all **veterinary or miscellaneous fees associated with care** of the pregnant recipient after day 16 of gestation through weaning of the foal and return of recipient mare. Donor Mare Owner also agrees to pay for all required departure documents (e.g. Coggins test, health certificate and brand inspection). See Fee Schedule attached and incorporated herein. Donor Mare Owner is encouraged to pick up recipient mares after 35 days of gestation.
5. Donor Mare Owner agrees to pay all charges associated with **shipment and storage of semen and/or embryos** to the Equine Reproduction Laboratory. See Embryo Transfer Service Fees on the attached Fee Schedule. The Donor Mare Owner also agrees to pay any express mail/courier/airline shipping charges, courier service charges, and return freight charges.
 - a. **EMBRYO TRANSFER** services will be available **February 1 – July 1**.

- b. **\$750.00 Annual Embryo Transfer Enrollment Fee due with the signing of this contract for use of CSU ERL/RME leased recipient mares. This non-refundable, non-transferable fee enrolls the abovenamed Donor Mare for the breeding season of February 1 through July 1. One (1) Annual Enrollment Fee is required for each Donor Mare/Owner/Lessee/Embryo combination for said breeding season. There is a limit of three (3) CSU ERL/RME leased recipient mares per Client for the dates above.**
6. Donor Mare Owner agrees to pay all fees associated with pregnancy and lease of the recipient mare. A total lease fee of \$2,500 (includes \$500 deposit) will be added to Donor Mare Owner's account at day 35 of gestation. A **pregnancy fee of \$2,500** will be applied to Donor Mare Owner's account at day 35 for each pregnant recipient mare. A **pregnancy fee of \$1,500** will be applied to Donor Mare Owner's account at day 25 for a successful pregnancy transferred into an Owner Provided recipient mare.
 7. If recipient mare is re-leased for a subsequent embryo transfer after foaling, a total lease fee of \$2,000 will be added to Donor Mare Owners account when notified of successful pregnancy. The original lease agreement will roll forward an additional year. Donor Mare Owner agrees to pay CSU ERL an additional pregnancy fee of \$1,500 should CSU/ERL manage recipient mare and successfully transfer embryo for a pregnancy at 25 days.
 8. A **\$400 live foal insurance option** is available for the recipient mare through RME. This provides the client with the use of a recipient mare in the following breeding season, without incurring a recipient lease fee (deposit is still required), should the current recipient mare fail to carry her foal to term and give birth to a live foal that is able to stand and nurse. The Donor Mare Owner must submit a notice signed by a licensed veterinarian confirming the pregnancy loss to the ERL within **10 days of loss** to be eligible to take advantage of this option. This option will be offered by letter to the client after pregnancy is confirmed (day 25) and the signed letter must be returned before mare discharge. Live foal insurance, if chosen, begins after day 35 and all fees must be paid.
 9. *Live Foal Guarantee:* In the event a recipient mare loses her pregnancy after 35 days or the newborn foal fails to stand and nurse, the Donor Mare Owner will receive a \$1,000.00 credit from CSU/ERL. This credit is good for use in the current breeding season or the next breeding season. The Donor Mare Owner must submit a notice signed by a licensed veterinarian confirming the pregnancy loss to the ERL within 10 days of loss to be eligible for the credit.
 10. Donor Mare Owner agrees to return recipient mare after weaning and no later than December 31 of the foaling year directly to RME. If Donor Mare Owner returns recipient mare to ERL instead of RME, Donor Mare Owner will incur \$195 transportation and handling fee plus any board **charges** while at the ERL until transportation can be arranged to RME. If recipient mare is **NOT** returned to RME, the \$500 refund of deposit will be null and void. If recipient mare should die under the care of the Donor Mare Owner, a fee of **\$1,500** will be payable to RME. A signed letter from attending veterinarian must be submitted to CSU ERL within 7 days of death. If recipient mare is alive but does not return by December 31 of the foaling year, the Donor Mare Owner will be charged **\$2,500** by RME with the assumption that the Donor Mare Owner has elected to purchase the recipient mare from RME.
 11. Recipient mare is the property of RME, and the Donor Mare Owner is leasing the mare for her surrogate services. Therefore, it is unlawful for anyone other than RME to sell the mare. If the Donor Mare Owner elects to sell his/her embryo while in utero, or offspring on the side of the recipient mare, they must first purchase the mare from RME. The mare can be purchased for an additional \$2,500 and the \$500 refund of deposit will be null and void. If the mare is then returned in good condition, by either original Donor Mare Owner or new owner, RME will buy the mare back for \$1000.
 12. Donor Mare Owner is responsible for the cost, disposition and/or storage of cryopreserved embryos remaining at the end of the season (September) which shall include the cost of returning any unused embryos, storing unused embryos, or destroying any unused embryos. Please indicate desired disposition of unused embryos:
 - a. Agree to pay for storage
 - b. Agree to pay to return/transport embryos to another site
 - c. Disposal of unused embryos
 13. Frozen Embryo storage fees will be billed monthly. When invoices for frozen embryos are not paid to CSU/ERL through six billing cycles, a certified letter will be sent to Donor Mare Owner requesting that embryo billing is brought current. Embryos will be destroyed 30 days from date of certified letter, whether or not received/accepted by Donor Mare Owner, if account is not paid in full. CSU/ERL will attempt to maintain storage costs at current prices. CSU/ERL reserves the right to adjust prices accordingly as material costs increase or storage procedure changes. Owner will be notified of price increases in writing.
 14. CSU/ERL shall take reasonable efforts to maintain the frozen embryos in proper storage conditions pursuant to this agreement, with proper care, handling and protection according to reasonable standards and practices of the equine industry. The Donor Mare Owner agrees to assume all responsibility for the frozen embryos and shall bear all risk of loss or damage to the frozen embryos, whether by loss, infection, theft or otherwise and by any cause whatsoever, and agrees to hold CSU/ERL (or any person employed by or associated with CSU/ERL) harmless on any and all damages associated therewith.

15. Donor Mare Owner agrees to **pay all charges in full** before removing the frozen embryo, pregnant recipient(s) or Donor Mare. See Fee Schedule attached hereto. Donor or recipient mares will not be released if insufficient notice is given or the bill is not paid prior to departure. At least one-week advance notice must be given prior to removal of embryos, departure of the donor and/or pregnant recipient mares to allow preparation of required paperwork. The Donor Mare Owner is required to make transportation arrangements for pregnant recipients between the hours of 7:30 am to 4:30 pm Monday through Friday, unless previous arrangements have been made well in advance.
16. All invoice **balances are payable within 30 days of monthly or final invoice**. AFTER 30 DAYS FROM BILLING DATE, A \$25.00 HANDLING FEE AND INTEREST OF 1.5% PER MONTH ON THE OUTSTANDING BALANCE WILL BE ASSESSED. Colorado State University reserves the right to refuse or suspend service when any of the Donor Mare Owner's accounts with CSU are past due. The Donor Mare Owner agrees to pay all costs and reasonable attorney fees incurred by CSU/ERL in attempting to collect any outstanding balance. The Donor Mare Owner acknowledges lien rights of CSU pursuant to C.R.S. 38-20-203 and hereby irrevocably grants a lien as described therein to CSU/ERL for purposes of securing payment on Donor Mare Owner's account(s).
17. Donor Mare Owner is responsible for **obtaining and paying for any insurance** desired on the Donor Mare and/or pregnant recipient and/or *in utero* foal and/or frozen semen stored and/or frozen embryos for Donor Mare. CSU/ERL **does not** provide insurance.
18. Donor Mare Owner is responsible for **parentage testing** of any embryo transfer foal.
19. Donor Mare Owner is responsible for all **Breed Registry rules and regulations** including, but not limited to, brand inspections required by law. Donor Mare Owner shall promptly furnish proof of ownership, breed registry and brand inspection upon request by CSU/ERL.
20. If at any time CSU/ERL determines, in its sole judgment and discretion, that the Donor Mare or any recipient mare needs medical attention, the Donor Mare Owner is responsible for all charges incurred. CSU/ERL will make reasonable efforts to contact Donor Mare Owner in the event that such medical care is needed; however, if Donor Mare Owner cannot be immediately reached, Donor Mare Owner hereby authorizes CSU/ERL to initiate medical care and treatment.
21. If at any time CSU/ERL determines, in its sole judgment and discretion, that the Donor Mare or any recipient mare needs to be transferred to the **Johnson Family Equine Hospital (JFEH) at the CSU Veterinary Teaching Hospital (VTH)** for medical or surgical treatment, the Donor Mare Owner is responsible for all charges incurred. **These charges will be billed separately by the JFEH/VTH and must be paid in full** before the animal can be returned back to the Equine Reproduction Laboratory. CSU/ERL will make reasonable efforts to contact Donor Mare Owner in the event that such transfer is required; however, if Donor Mare Owner cannot be immediately reached, Donor Mare Owner hereby authorizes CSU/ERL to initiate such transfer, care and treatment.
22. This **Contract is non-transferable**. If the Mare is sold, all unpaid fees become immediately due and payable and no refunds will be made. This Contract is subject to the laws of the State of Colorado.
23. CSU/ERL reserves the **right to discontinue service** at its discretion and to terminate this Contract upon 10 days' notice to Donor Mare Owner. This can include behavioral and safety concerns related to Donor Mare and/or foal while in the care of CSU/ERL. Donor Mare must be halter broke; meaning caught in a stall with reasonable effort and able to lead safely from stall to palpation stocks and in general terms be safe to work around. There will be no refunds on services provided PRIOR TO this Contract if terminated by either Party.
24. Each party agrees to **comply with all applicable federal, state and local laws, codes, regulations, rules, and orders**. This Contract shall be governed by the laws of the State of Colorado, and any legal action concerning the provisions hereof shall be brought in the District Court in Larimer County, Colorado. If it is determined that a brand inspection ticket is required in order to authorize any transfer or transport of animals under this Contract, Donor Mare Owner hereby authorizes and appoints CSU/ERL to execute any required documents on Donor Mare Owner's behalf.
25. The Donor Mare Owner will be **considered in default** of its obligations under this Contract if the Donor Mare Owner fails to remit any payment within 30 days after invoice or otherwise fails to perform any term, condition, or covenant contained in this Contract and such failure continues for 10 days after written notice thereof. In the event of default, CSU/ERL may terminate this Contract as of the date specified in the notice, without prejudice to any other right or relief provided by law. Jurisdiction and venue for any action to enforce this Contract, or for damages or any other relief arising from or in connection with it, shall be exclusively in the Larimer County District Court, State of Colorado.
26. This **Contract constitutes the entire understanding** between the parties and supersedes any previous contract or understandings, whether oral or written, concerning the subject matter of this Contract. No services other than those expressly stated in this Contract will be provided by CSU without an express, written and signed amendment to this Contract.

EMBRYO TRANSFER FEE SCHEDULE 2023

Board/Care			
Daily Mare Board			\$30 /day (applies to donor and/or owner recipient)
Wet Mare Board (mare + foal)			\$32 /day (applies to donor and/or owner recipient)
Recipient Mare (CSU leased mare)			\$19 /day after day 16 (includes Regumate therapy)
Embryo Transfer & Foaling Services (Feb 1 – July 1)			
Embryo Transfer Annual Enrollment (CSU Recip)			\$750/donor or frozen embryo
Donor Management w/ Fresh or Cooled Semen			\$575 /cycle
Donor Management w/ Frozen Semen			\$675 /cycle
Owner Recipient Mare Management			\$475 /cycle (separate general mare service contract)
Pregnancy Fee – Owner Recipient			\$1,500 at day 25
Non-breeding Cycle Management			\$300 /cycle
Shipped-In Embryo Fee			\$400 /cycle /ovulation
Outpatient (Haul in) Embryo Collection			\$400 /flush
Embryo Transfer (into CSU or Owner Recip)			\$400 /embryo
Embryo Freezing			\$350 /embryo
Frozen Embryo Storage			\$25 /month for up to 4 embryos
Warming & Transfer of Vitrified/Frozen Embryo			\$500 (Includes recipient mare synchronization & transfer of embryo)
Pregnancy Fee – CSU Recip			\$2,500 /per pregnant recipient mare at day 35
Recipient Lease & Deposit			\$2,500 (\$500 deposit refundable upon return)
Recipient Buy-Out			\$2500 (Elective)
Live Foal Insurance			\$400 (optional)
Foaling Management (Jan 3 – June 15 only)			\$500
<i>Includes video surveillance, Foalnet® monitoring, milk calcium screening, NI testing, and colostrum evaluation on the mare. Also included are post-foaling deworming (ivermectin), routine umbilical cord care, administration of an enema, and evaluation of passive antibody transfer in the newborn foal. Owner/Agent agrees to pay veterinary fees and charges associated with additional, non-routine therapy deemed necessary for proper management of the pregnant, foaling or postpartum mare (e.g. oxytocin therapy, uterine lavage or other treatments for retained placenta, etc.) or the newborn foal (e.g. supplementation with additional colostrum and/or plasma, etc.) Mare & Foal clostridium prevention protocol highly recommended and additional.</i>			
Embryo Flush & Transfer (* Procedures are included in donor management contract pricing)			
Ultrasound & Palpation*	Included in cycle	Dystocia	\$Variable
Artificial Insemination*	Included in cycle	Induction of Labor	\$190
Prostaglandin*	Included in cycle	Colostrum (frozen-thawed, includes NG tube)	\$128 /unit
Ovulatory Hormones*	Included in cycle	Seramune® Oral IgG (equine antibody product, includes NG tube)	\$150 /unit
Oxytocin (per day)	\$15.50	Naso-gastric intubation (NG tube)	\$28
Uterine Lavage: Level I	\$93 /treatment	Plasma & Administration (includes catheter & administration set)	\$350/liter
Uterine Lavage: Level II	\$103 /treatment	Acetylcysteine enema (meconium impaction)	\$78
Uterine Culture & Sensitivity	\$75	Sodium phosphate enema (Fleet® or similar)	\$11
Uterine Cytology	\$45	Equidone® (domperidone)	\$15/dose (\$58 tube)
Uterine Biopsy	\$150	Additional IgG Test (1 st test is included)	\$33
Intrauterine Antibiotics	\$65 /treatment	Frozen Semen Handling Fee (at ERL arrival)	\$50
Miscellaneous Services			
Daily Treatment Fee			\$6 /day (mare or foal; can vary on frequency of treatment)
Regumate Administration			\$6 /day
Progesterone Analysis			\$55
Brand Inspection			\$45
Coggins Test			\$40
Health Certificate			\$35 (Add'l horse on same certificate \$20)
Shipping – varies by service requested			\$250
